Be it enacted by the Senate and House of Representatives in General Court convened:

"Needy blind" defined. SECTION 1. Any person of either sex who, by reason of loss of eyesight, is unable to provide himself with the necessities of life, who has not sufficient means of his own to maintain himself, and who, unless relieved as authorized by these provisions, would become a charge upon the public or upon those not required by law to support him, shall be deemed a needy blind person.

Who entitled to relief. SECT. 2. In order to receive relief under these provisions, a needy blind person must become blind while a resident of this state, and shall be a resident of the county for one year and of the state for five years.

Claim, how filed. SECT. 3. At least ten days prior to action on any claim for relief hereunder, the person claiming shall file with the county commissioners a duly verified statement of the facts bringing him within these provisions. The list of claims shall be filed in a book kept for that purpose, in the order of filing, which record shall be open to the public.

Evidence required. SECT. 4. No certificate of qualification of drawing money hereunder shall be granted until the county commissioners shall be satisfied, from the evidence of at least two reputable residents of the county, one of whom shall be a registered physician, that they know the applicant to be blind, and that he has the residential qualifications to entitle him to the relief asked. Such evidence

shall be in writing, subscribed to by such witnesses, and be subject to the right of investigation by the county commissioners.

SECT. 5. If the county commissioners be satisfied that the applicant is entitled to relief hereunder, they shall furnish aid to said applicant in such sum as they find needed, not to exceed one hundred and fifty dollars per annum, to be paid from the county treasury, and such relief shall be in place of all other relief of a public nature. Aid, how limited.

If the county commissioners, in the examination of the qualifications of any person filing a claim for relief hereunder, or who may have been allowed relief by such commissioners, shall determine upon the evidence of a registered physician and surgeon that any person or persons making such claims or then on such lists might have such disability benefited or removed by proper surgical operation or medical treatment, and such person entitled to such relief files his consent in writing thereto, then the county commissioners may expend for the purpose of such surgical operation or medical treatment all or any portion of the relief which the county commissioners may award to such person for one year under the provisions of this act; and in such case shall pay the sum so awarded to the persons entitled to pay for such surgical operation or medical treatment, instead of being paid to the person entitled to such relief. Surgical or medical treatment.

SECT. 7. The county commissioners annually shall make examination as to qualifications of anyone on the blind list, and increase or decrease the amount within the limits herein prescribed. If not satisfied that the person on the list is qualified to draw his money, said commissioners shall remove such person from the list. Annual examination.

SECT. 8. The county commissioners may at any time during the year inquire into the qualifications and examine as to the disability and needs of any person theretofore placed on such blind list; and in case said commissioners find that any person is not qualified to draw further relief, or that such disability has been removed in whole or in part, then said commissioners may at any time thereafter during such year modify or change the amount theretofore found necessary for such relief, or remove such person from the list qualified to draw any money for relief. Withdrawal or modification of aid.

SECT. 9. Whoever, to secure for himself or another the benefit provided in this chapter for needy blind persons, makes a false statement shall, upon conviction, be deemed guilty of perjury. False statement, how punished.

Thereupon said certificate shall be filed in the office of the secretary of

state, who, upon payment of a fee equal to one tenth of one per cent. of the capital stock of said corporation as set forth in said articles, shall cause the same, with the indorsement thereon, to be recorded, and shall thereupon issue a certificate of incorporation in the following form:

AN ACT IN AMENDMENT OF SECTION 10, CHAPTER 78, LAWS OF 1897,
RELATING TO THE BALLOTS FOR USE AT BIENNIAL ELECTIONS.

SECTION

1. Ballots, how prepared and what to contain.

SECTION

2. Takes effect on passage.

Be it enacted by the Senate and House of Representatives in General Court convened:

Ballots, how prepared and what to contain.

SECTION 1. Section 10 of chapter 78, Laws of 1897, as amended and as at present in force, is hereby amended by striking out the whole of said section and inserting in place thereof the following:

SECT. 10. Ballots for use in biennial elections and in all other elections for national and state officers shall be prepared by the secretary of state, and printed and delivered at the expense of the state. Every ballot shall contain the name and residence of each candidate who has been nominated in accordance with law, and shall contain no other name except party appellation and names

of candidates for president and vice-president of the United States. In case a nomination is made by nomination papers, the words Nom. Papers shall be added to the party appellation. The names of candidates nominated by any party or by petition shall be arranged upon the ballot in perpendicular columns. The candidates of each party shall be arranged in separate columns, and the candidates of the party receiving the largest number of votes at the last preceding general election shall be placed in the first column; *provided, however*, that in case only a part of a full list of candidates is nominated under a political designation, two or more such lists may be arranged whenever practicable in the same column. The order in which the officers to be voted for shall be placed in the party columns aforesaid shall be as follows: Electors of president and vice-president of the United States, governor, United States senator, representative in congress, councilor, state senator, representative in the general court, county officers, town or ward officers. Immediately above the name of each candidate shall be printed the political designation of the office for which he is nominated, as For Governor, For Senator, and the like, and at the right of the name of each candidate and on the same line there shall be a square, except that in the case of electors of president and vice-president of the United States one square shall suffice for each group of electors. In the last or right-hand column of each ballot there shall be no circle or device, but there shall be printed in the regular order the political designation of each office, as For Governor, For Senator, and the like, and beneath each designation there shall be left as many blank lines as there are persons to be elected to such office. Above each column or list of candidates shall be printed in large, plain letters the name of the political party by which the candidates in such column or list were nominated. Above the party designation shall be printed a circle not less than three fourths of an inch in diameter, and such circle shall be surrounded by the following words printed in plain letters: For a straight ticket make a cross (X) within this circle. In case a voter desires to vote for a candidate whose name is not printed under the circle in which he has marked, he shall erase or cancel the name of the candidate in such column for whom he refuses to vote, and may vote for the candidate of his choice by marking a cross (X) in the square opposite the name of such candidate, or by writing in the name of the person for whom he desires to vote in the right-hand column prepared for the purpose. In such case the vote so marked in the square, or so inserted in the right-hand column, shall be counted, and such ballot shall not be counted for the candidate for the same office whose name is erased. Unless cancelled or erased, all names in the party columns under the circle marked by the voter shall be counted to the exclusion of all others. One mark in

the square opposite the names of candidates for electors of president and vice-president shall be counted as a vote for each. *Provided, however,* that a voter may omit to mark in any circle and may vote for one or more candidates by marking a cross (X) in the square opposite the names, or he may insert the names of the candidates of his choice in the blank or right-hand column, and such votes shall be counted. Whenever the approval of a constitutional amendment or other question is submitted to the vote of the people, such question shall be printed upon the ballots after or beneath the lists of candidates. The ballots shall be so printed as to give to each voter an opportunity to designate by a cross mark (X) in a square his answer to the question submitted. The ballots shall be printed on plain white paper, in weight not less than that of ordinary printing paper, and there shall be no impression or mark to distinguish one ballot from another. The names of all candidates shall be printed in uniform type, and the ballots for each town or ward shall be so folded that their width and length when folded shall be uniform. Upon the back of each ballot shall be printed the words Official ballot for, followed by the name of the town or ward for which the ballot is prepared, the date of the election, and a *fac-simile* of the signature of the officer who prepares the ballot. Above each circle shall be placed an emblem or device designating or distinguishing the political party assigned to that column. The emblem or device shall be selected by the secretary of state or other officer preparing the ballots, for each political party represented upon the ballots, shall be different for each of such parties, and may be the representation of a star, an animal, an anchor, or any other appropriate symbol; but neither the coat of arms or the seal of any state, or of the United States, nor the national flag, nor any religious emblem or symbol, nor the portrait of any person, nor the representation of a coin or of the currency of the United States shall be chosen as a distinguishing emblem.

The proper registration fee, as provided in section 26, shall be deposited before said application is granted. The secretary or his duly authorized agent shall then register in a book, or upon suitable index cards to be kept for the purpose, the motor vehicle described in the application, giving to said vehicle a distinguishing number or other mark to be known as the register number for said vehicle, and shall thereupon issue to the applicant a certificate of registration. Upon the transfer of ownership of any motor vehicle, its registration shall expire, and the person in whose name such vehicle is registered shall return forthwith the certificate of registration to the secretary with a written notice containing the date of such transfer of ownership and the name, place of residence, and address of the new owner. A person who transfers the ownership of a registered motor vehicle owned by him to another, upon

Certain information to be filed.

SECT. 4. Such association shall not begin to issue policies until a list of the subscribers, with the number of employees of each, together with such other information as the insurance commissioner may require, shall have been filed with him, nor until the president and secretary of the association shall have certified under oath that every subscription in the list so filed is genuine and made with an agreement with every subscriber that he will take the insurance subscribed for by him within thirty days of the granting of a license by the commissioner.

Issuance of license.

SECT. 5. Upon the filing of the certificate provided for in the preceding section, the insurance commissioner shall make such investigations as he may deem proper, and if his findings warrant it, grant a license to the association to issue policies.

By-laws.

SECT. 6. Such association shall have the power to make by-laws for the government of its officers and the conduct of its affairs, but such by-laws and all alterations or amendments thereof shall be subject to the approval of the insurance commissioner.

Votes at meetings; officers.

SECT. 7. The general provisions of law relating to corporations shall apply to such associations in so far as they are applicable and not inconsistent with this act. In the choice of directors and in all meetings of the association, each subscriber shall be entitled to one vote for every one hundred dollars or any fraction thereof paid by him in premiums into the treasury of the association during the preceding calendar year, but no person shall as proxy or otherwise cast more than twenty votes. The directors shall annually choose, by ballot, a president, who shall be a member of the board, a secretary, a treasurer, who may also be either the president or secretary, and such other officers as the by-laws may provide.

Form of policies.

SECT. 8. Policies of insurance issued by any such association shall be in such form as the insurance commissioner may approve and shall be signed by the president, or such other officers as may be designated by the directors for that purpose, and attested by the secretary.

Suspension of business, when.

SECT. 9. Directors' right to inspect and make rules.

The board of directors shall make reasonable rules and regulations for the prevention of injuries upon the premises of subscribers; and they may refuse to insure, or may terminate the insurance of, any subscriber who refuses to permit such examinations or disregards such rules or regulations, and forfeit all premiums previously paid by him, but such termination of the insurance of any subscriber shall not release him from liability for the payment of assessments then or thereafter made by the board of directors to make up deficiencies existing at the termination of his insurance.

SECT. 11. Every subscriber to such association shall be under a contingent mutual liability to assessment for the payment of losses and expenses incurred while a member to an amount to be stated in the policy, but not less than the premium paid by him during the year in which the liability for such losses and expenses was incurred.

Liability to assessment.

SECT. 12. The board of directors shall determine the amount of the premiums which the subscribers of the association shall pay for their insurance, in accordance with the nature of the business in which such subscribers are engaged and the probable risk of injury to their employees under existing conditions, and they shall fix premiums at such amounts as in their judgment, subject to the approval of the insurance commissioner, shall be sufficient to enable the association to pay to its subscribers all sums which may become due and payable to their employees and also the expenses of conducting the business of the association. The insurance commissioner shall require every such association to fix such premiums and make such assessments as may be necessary to create a reserve sufficient to meet all liabilities of the association. any subscriber neglecting to provide safety devices required by law, or disobeying the rules or regulations made by the board of directors in accordance with the provisions of section 11 of this act. No policy of insurance issued to any subscriber shall be effective until he shall have paid in cash the premium so fixed and determined.

Assessments for losses and expenses.

SECT. 13. If the association be not possessed of cash funds, over and above its unearned premiums, sufficient for the payment of incurred losses and expenses, it shall make an assessment for the amount needed to pay such losses and expenses upon the subscribers liable to assessment therefor, in proportion to their several liabilities.

Dividends.

SECT. 14. The board of directors may from time to time fix and determine the amount to be paid as dividends upon policies after retaining the unearned premiums upon undetermined risks and sufficient sums to meet all liabilities then payable, or which may become payable on account of injuries received by employees of the subscribers, and to pay the expenses incurred in the operation of the business of the association.

Division into groups.

SECT. 15. The board of directors may divide the subscribers into groups in accordance with the nature of their business and the probable risk of injury therein. In such case they shall fix all premiums, make all assessments, and determine and pay all dividends by and for each group in accordance with the experience thereof, but all funds of the association and the contingent liability of all the subscribers shall be available for the payment of any claim against the association; *provided, however*, that as between the association and its subscribers, until the whole of the contingent liability of the members of any group shall be exhausted, the general funds of the association and the contingent liability of the members of other groups shall not be available for the payment of losses and expenses incurred by such group in excess of the earned premiums paid by the members thereof.

Approval of division.

SECT. 16. A statement of any proposed premium, assessment, dividend, or distribution of subscribers into groups, shall be filed with the insurance commissioner and shall not take effect until approved by him.

Withdrawal of subscribers.

SECT. 17. Such withdrawals shall not release such subscriber from liability for the payment of assessments thereafter made by the board of directors to make up deficiencies existing at

the date of his withdrawal, and such subscriber shall be entitled to his share of any dividends earned at the date of his withdrawal.

SECT. 18. Such association shall invest and keep invested all its funds of every description, excepting such cash as may be required in the transaction of its business, in the same manner as the funds of savings banks may be lawfully invested. Investment of funds.

SECT. 19. This act shall take effect upon its passage.

SECT. 14. They shall post or publish notices stating the places Notice of sessions. and hours for holding all sessions, the final sessions preceding any election, and that after ten o'clock in the evening of the last day fixed for registration they will not, until after election, add any name to the registers except the names of voters examined as to their qualifications between the preceding thirtieth day of April and the close of registration.

SECT. 15. They shall keep in general registers records of all Records of voters. persons registered as qualified to vote in the city. They shall enter therein the name of every such voter written in full, or instead thereof the surname and the first Christian name, or that name by which he is generally known, written in full, and the initial of every other name which he may have, and also his age, place of birth, residence on the preceding first day of May, or at the time of becoming an inhabitant of the city after said day, the date of his registration and his residence at such date, his occupation and the place thereof, the name and location of the court which has issued to him letters of naturalization and the date thereof, if he is a naturalized citizen, and any other particulars necessary fully to identify him.

SECT. 16. The registrars shall, after the first day of May, pre- Annual register. pare an annual register containing the names of all qualified voters in the city for the current year, beginning with such first day of May. Such names shall be arranged in alphabetical order, and, opposite to the name of each voter, his residence on the preceding first day of May or on any subsequent day when he became an inhabitant of the city. The assessors shall transmit to the registrars annually a list of persons assessed for a poll tax for the current year, giving as the residence of each person on the first day of May the place at which he was assessed a poll tax, and the registrars shall enter every such name in the annual register; *provided*, that in every case they are able to identify the name so transmitted to them as that of a person whose name was borne on the voting list of such city at the last preceding election. They shall make all inquiries and investigations necessary to identify such person, and they shall not enter in the annual register the name of a person objected to by any registrar until such person has been duly notified and given an opportunity to be heard by them. They shall forthwith enter in the annual register the name of every person whose qualifications as a voter have been de-

terminated by them in the current year and whose name has accordingly been entered in the general register.

Application for
registration.

SECT. 17. Every person whose name has not been entered in the annual register in accordance with the preceding section must, in order to be registered as a voter, apply in person for registration and prove that he is qualified to register.

If applicant
naturalized.

SECT. 18. If an applicant for registration is a naturalized citizen, the registrars shall require him to produce for inspection his papers of naturalization and to make oath that he is the identical person named therein, and shall, if satisfied that the applicant has been legally naturalized, make upon his papers a memorandum of the date of such inspection. If papers of naturalization have been once examined and record thereof made in the general register, the registrars need not again require their production. Any person who attempts fraudulently to have his name entered on the general register shall be liable to a fine not exceeding fifty dollars for each such attempt.

Applicant reg-
istered, when.

SECT. 19. If upon examination the registrars are satisfied that an applicant for registration has all the qualifications of a voter except that of age, and that he will on or before the day of the next election attain full age, they shall place his name upon the registers.

If registration
refused.

SECT. 20. If the registrars decline to register the name of a person examined for registration and reported to them by a registrar, they shall notify him of their refusal and give him a reasonable opportunity to be heard by them upon his application. They shall upon the rejection of an applicant forthwith inform him of such rejection.

Revision and cor-
rection of register.

SECT. 21. The registrars shall from time to time revise and correct the general register and the current annual register in accordance with any facts which may be presented to them. After the name of a voter has been placed upon the current annual register, they shall not change the place of residence as given thereon, nor, unless the voter has deceased, strike such name therefrom, until they have sent him a notice of their intention so to do and that he may be heard on a certain day named therein.

Illegal registra-
tion, complaint
of; procedure.

SECT. 22. If a registered voter complains to the registrars in writing under oath, fourteen days at least before an election, that the complainant has reason to believe and does believe that a certain person by him named therein has been illegally or incorrectly registered, and sets forth the reasons for such belief, the registrars shall examine into such complaint, and if satisfied that there is sufficient ground therefor, they shall summon the person complained of to appear before them at a certain place and time before the next election to answer to the matters set forth in

the complaint, and the substance of the complaint and a copy of this and the following section shall be set forth in the summons. Service of the summons shall be made by an officer qualified to serve civil or criminal process, not more than fourteen nor less than two days before the day named for appearance, by delivering in hand a copy of the summons to the person therein summoned, or by leaving it at the place of alleged illegal registration if no later residence of such person appears on the register, and in that event at such later residence if the officer finds that such person resides at such place or later residence, as the case may be, or if he was formerly there and has changed his residence, then by leaving at the place to which he has moved, if it is within the officer's jurisdiction; but if the officer cannot make personal service and cannot ascertain the residence of the person complained of, the copy of the summons shall be left at such person's last residence, if any, known to the officer within his jurisdiction; and the officer shall return the summons to the registrars before the day named for appearance, with the certificate of his doings indorsed thereon.

SECT. 23. If a person summoned before the registrars to answer to such complaint appears before them, they shall examine him under oath and shall receive other evidence which may be offered in regard to the matters set forth in the complaint; and if satisfied that he is properly registered as a qualified voter, they shall enter in the register a statement of their determination upon the facts required for registration. If the registrars are satisfied that he is not a qualified voter in the city, they shall strike his name from the register. If a person duly summoned as aforesaid does not appear as directed in the summons, the complainant shall produce sufficient testimony to make out a *prima facie* case, and if this is done the name of the person complained of shall be stricken from the register; but if such person appears before the registrars before the election next ensuing and shows sufficient cause for his failure earlier to appear, the hearing shall be reopened and the matter decided on its merits, as determined from the evidence presented on both sides. The complainant and the person complained of may be represented by counsel, and the witnesses may be cross-examined.

Hearing upon complaint.

SECT. 24. The registrars shall perform their duties in open session and not secretly. They shall distinctly announce the name of every applicant for registration before entering his name on the general register. Their records shall be at suitable times open to public inspection.

Sessions to be open, etc.

SECT. 25. Registrars shall, from the names entered in the annual register of voters, prepare voting lists for use at the several

elections held therein. In such voting lists they shall place the names of all voters entered on the annual register and no others, and opposite to the name of each, his residence of the preceding first day of May, or at the time of his becoming an inhabitant of such place after said day. They shall prepare such voting lists by wards.

Posting of lists.

SECT. 26. They shall at least fourteen days before the city and state election cause copies of the voting lists prepared in accordance with the preceding section to be posted in their principal office and in one or more public places in each of the several wards of the city.

Addition of new names.

SECT. 27. After the voting lists have been posted, registrars shall, within forty-eight hours after a new name has been added to the annual register, cause it to be added to the lists posted in their principal office. If the city shall authorize the registrars to publish the names added to the register, they may, instead of posting them, cause all additional names to be printed in a newspaper published in the city.

Accidental omissions.

SECT. 28. Registrars shall, on the day of an election, give to a voter whose name has been omitted from the voting list, if it appears in the annual register, or in whose name or residence, as placed on the voting list, a clerical error has been made, a certificate of his name and residence, as stated on the annual register, signed by the registrars or a majority of them. On presentation thereof to the presiding election officer of the ward in which the voter was registered, he shall be allowed to vote, and his name shall be checked on the certificate, which shall be attached to and considered a part of the voting list and returned and preserved therewith.

Lists for election officers.

SECT. 29. They shall, before every election, caucus, primary, and meeting at which voting lists may be required to be used, prepare voting lists for each ward in which such election or meeting is to be held, containing the names and residences of all persons qualified to vote therein, as the same appear upon the annual register, and they shall seasonably transmit the same to the election officers in every ward. Such voting lists shall be in duplicate for all elections and meetings at which duplicate lists are required to be used.

Certificate to city clerk.

SECT. 30. The registrars shall, after the last day for registration for a city or state election, certify to the city clerk the number of registered voters in the city and in each ward therein.

voting list of the ward of the city for which the caucus is to be held, as last published, adding thereto the names of voters registered since such publication.
